

Guidelines for Badges

Spaark or Comment or post in a group should be relevant and non abusive/spam.

Some badges require certain consecutive tasks for a specified number of days. If that streak is broken, the count will reset.

Where badges require the user to like posts or bookmark them, user should not unlike and un-bookmark immediately.

Each level gets completed by unlocking any 5 badges. You will be rewarded with a scratch card upon completion of every level.

Scratch cards will be available in Invite & Earn section in settings

Locked badges appear gray. Tap to know how to unlock

Early bird badge will unlock if you are the first user to post a Spaark within a 5km radius.

If badge (for ex Lurker), requires screenshots to be shared, it takes about 24hrs for it to be verified
